Vision

AVN Global Freight to be the leading global logistics solution provider thru our most advanced systems combined with well experienced logistics professionals.

Mission

To make life easy for our customers and improve their efficiency by providing transport solutions and services that are:

- High Quality
- Cost Effective
- Reliable and Dependable
- Protecting Customers' Interests
- Adding Value

Our Services

Custom Clearance

We can handle the complex task of organising and moving your shipments through Customs as quickly and efficiently as possible.

We have trained and qualified Customs Brokers with many years of experience within the industry.

Sea Freight

Full Container Loads or Less Container Loads, Importing or Exporting – Our network of agents provide us with representation in most countries around the globe.

Together with our experienced sea freight department and our relationships with major carriers, we manage a substantial level of sea cargo into and out of Malaysia.

Air Freight

We regularly work with a variety of major airlines and are mutually committed to handling our customers air freight needs as effectively and efficiently as possible.

We understand that clients are after a high level of service but also a high level of communication, this is a major part of what we do at AVN Global Freight. We keep you informed from start to finish.

Local Transport

We can cater to your needs whether you are after a door to door delivery service or an interstate delivery (With any combination of ocean, air, rail and road freight).

With dedicated Transport Drivers at your service, we deliver an efficient and professional service that meets all individual transport needs, (Standard Truck, Side Loader, Tail Lift and Drop Trailer Deliveries are all available).

WMS

AVN Global Freight provides Warehouse Management Services in Selangor (Malaysia), delivers real time visibility on inward and outward movements, order status, performance measures and distribution solutions.

We provide exceptional and top-notch with cost effective storage facilities for our clients.

International Freight Forwarding

With over 5 years of experience in freight forwarding we have come across almost every possible obstacle you can give us the edge in knowing how to keep your freight moving in the right direction. Moving your freight around the globe is a complicated process with many legal and documentation requirements that we have seamless experience in complying with allowing you to relax knowing that AVN Global Freight are on top of it for you.

Whether it be Air freight or Sea freight, import or export or customs clearance, we are able to offer you a first class service matched by no other provider. Once you pass your booking to us we liaise with your customer or supplier and keep you up to date every step of the way.

We have carefully picked a network of trusted agents worldwide that follow the same business philosophy as Viking Cargo and will treat your shipments with the attention and care that they deserve.

Third Party Logistics

In today's wholesale and retail environment, margins are tighter, lead times are shorter, and consumers are more demanding. The supply chain is always becoming more complex and is fraught with intricate technical requirements from start to finish, making it more expensive than ever to maintain your own warehouse.

3PL is the proven method to streamline your supply line and reduce fixed costs associated with inventory, storage and staff. Based in Malaysia, AVN Global Freight is small enough to offer personalised third party logistics tailored to your needs, yet large enough to give your business all the room it needs for future growth. Whether you are a large or small business, we are the 3PL provider for you.
